15 Years of experience

Professional Bio:

Sarah is a trusted global health professional with over 15 years of experience living and working in sub-Saharan Africa. She has built enduring relationships with NGOs, civil society organizations, and national and local government partners, all united by the shared goal of preventing, detecting, and responding to emerging infectious disease threats.

Sarah is an expert in communicating highly technical information across the domains of human health, animal health, and the environment to diverse audiences through a variety of media. She is also an effective team leader in high-pressure, fast-moving situations such as outbreak responses, known for her ability to rapidly identify priorities and deliver critical information to high-level stakeholders.

Skills & Expertise:

MEL, Global Health, Project Management, Humanitarian Assistance, Strategic Planning, Stakeholder Engagement

Sectors of Work:

International Development, Public Health
